

**Subtraction from 10 Bingo—Be the first to cover all of your numbers to win!**

Roll a 6 sided dice. Subtract the number you roll away from the number **10**. Cover your answer on the board. If it is already covered miss a turn. For Example, If I rolled the number 6, then 10 take away 6 is 4. I would cover the number 4.

## Subtraction from 10 Bingo—Be the first to cover all of your numbers to win!
