

**Subtraction from 10 Bingo—Be the first to cover all of your numbers to win!**

Roll a 0-9 sided dice. Subtract the number you roll from the number **10**. Cover your answer on the board. If it is already covered miss a turn.

For Example, *If I rolled the number 6, then 10 take away 6 is 4. I would cover the number 4.*

	5	2	4	8	
	6	1	3	5	
	4	9	6	7
